Re: Request for Proposals (RFP) 2026-001, Playground Equipment & Installation Resubmittal

To Whom It May Concern,

You are receiving this letter because you are one of nine firms that submitted a proposal. The Town of Golden Beach has evaluated all the proposals in terms of qualifications and specifications, and has determined that a narrowed scope and budget is needed to make a selection.

We have already received your complete qualification packages, including company information, disclosure forms, brochures and other supporting materials submitted with your original proposal. For this second resubmittal, we ask that you keep the submission simple, clear and concise, focusing only on the following items:

- Site plan
- Renderings – with a “Wow Factor” element
- List of playground equipment
- Furniture and shade structures
- Total cost associated with the project, in an amount not to exceed \$700,000.00

There is no need to resubmit the previously provided qualification materials, as those will remain part of the official record and will be referenced. Please limit this resubmittal to the items listed above so that we can more easily evaluate the proposed design and project costs.

All sealed proposals will be due on Friday, March 27th by 4 p.m. Sealed proposals shall be submitted to the Town Clerk, on paper and in accessible electronic format, in accordance with the original Instruction to Bidders. Proposals received after the time and date specified will not be considered. All proposals shall be publicly opened in the Town Council Chambers on Friday, March 27th at 4:15 p.m.

Sincerely,

Alexander Diaz
Town Manager
